IT'S KUSHTI TO ROKKER
BREAKING DOWN STIGMA

INFORMATION PACK FOR YOUNG PEOPLE AND FAMILIES
It’s Kushti to Rokker is a campaign aimed at encouraging us all to be more open about our mental health and to start conversations with those who might need our support. We all have mental health, just as we all have physical health and it’s just as important to look after. It’s about our range of emotions, and affects the way we think and feel about ourselves, others, and how we deal with life.

WHAT ARE MENTAL HEALTH PROBLEMS?

A mental health problem can affect our thinking, feelings our mood and our ability to relate to others as we usually would. Some mental health problems are described with everyday words. Some of the most commonly diagnosed are depression, anxiety, bipolar disorder, phobias, obsessive compulsive disorder (OCD) and eating disorders.

You might be surprised how common these experiences are. Three people in the average classroom at school will experience a mental health problem before the age of 16. Mental health problems can affect anyone.

There is no shame in reaching out for help if you are feeling stressed, depressed or experiencing a crisis, but it can be hard to know who to turn to and where to go to for help and support. That’s why we’ve created this pack, to help point you and the people you care about in the right direction. We strongly advise parents to check out our toolkit for service providers for information on practical resources and further information that may be of use too.
**WHAT DO YOU DO IN AN EMERGENCY?**

Call 999 if you or someone you know experiences an acute life-threatening medical or mental health emergency. You can go to A&E directly if you need immediate help and are worried about your safety. Find your nearest A&E; once you're there you will get support for your immediate physical and mental health needs.

You can call NHS 111 if you or someone you know needs urgent care, but it's not life threatening.

For example:

- if you have an existing mental health problem and your symptoms get worse
- if you experience a mental health problem for the first time
- if someone has self-harmed but it does not appear to be life threatening, or they're talking about wanting to self-harm
- if a person shows signs of possible dementia
- if a person is experiencing domestic violence or physical, sexual or emotional abuse

Book an emergency GP appointment; in a crisis, you should be offered an appointment with the first available doctor. For more information, and to find your local GP visit here: [https://www.nhs.uk/Service-Search/GP/LocationSearch/4](https://www.nhs.uk/Service-Search/GP/LocationSearch/4)
Gypsies and Travellers often live in close and large extended families which mean that bereavements can be common from an early age. However, unresolved grief from bereavements can have an impact on your long-term health, including depression and anxiety. Bottling things up won’t help; talking about the loss of a loved one is an important part of getting through the pain you may be feeling. Someone in your family may be good to open up to because they’re likely to understand how you’re feeling. A close friend can also be a good listener, even if they haven’t one through this themselves. If you’d rather speak to someone in confidence, here are some services that can offer help.

**One Call Away** offer a Gypsy and Traveller led bereavement support helpline. Call or Whatsapp them on 07748997617. Visit their Facebook page to find out more: [https://www.facebook.com/ONE-CALL-AWAY-Comfort-those-who-mourn-103382457768487/](https://www.facebook.com/ONE-CALL-AWAY-Comfort-those-who-mourn-103382457768487/)

Your GP: If you’re concerned you’re not coping, feel depressed, have trouble eating or sleeping, are thinking about hurting yourself, or if you’re not starting to feel better after a few months: they may suggest you have counselling. Counselling is where you can talk things over with someone, who will listen to your problems, help to find solutions and support you through the bad times.

**Cruse Bereavement** have a young people’s helpline you can call on 0808 808 1677. They also run a website [Hope Again](https://www.cruse.org.uk/) for young people going through a bereavement, where you can find information, read other people’s experiences, and add your own. More information is available on their website: [https://www.cruse.org.uk/](https://www.cruse.org.uk/)

If you’re a parent or carer and want some help speaking to your child about the death of a loved one you can download this free e-book written for young Gypsies and Travellers by Dr Carol Rogers. It’s designed to help young people understand what death means, what we do and how we feel when someone dies. Download the free e-book here: [https://www.blurb.co.uk/ebooks/reader.html?e=478231#spread/front](https://www.blurb.co.uk/ebooks/reader.html?e=478231#spread/front)
LGBT+ SUPPORT

LGBT+ issues can often remain a taboo subject within Gypsy and Traveller communities, which can often lead to young LGBT+ Gypsies and Travellers feeling isolated. Isolation can make existing mental health problems worse or even create them. Connecting with other LGBT+ Travellers can help combat feelings of isolation and heighten confidence and self-esteem. Here are some support services that are working to raise visibility of LGBTQIA+ Traveller identities.

If you’re an LGBTQIA+ Traveller and are in a crisis, please call the Samaritans on 116 123

Traveller LGBT Pride: is a network that provides guidance and information to make life easier for LGBTQIA+ Travellers. Formed in 2019, they were the first ever GRT LGBTQIA+ contingent to march at London Pride. More information is available on their website: https://www.lgbttravellerpride.com/

LGBT Pavee support Group: This site was voluntarily constructed and independently maintained by and for members of the Travelling and Roma community, for its Gay, Lesbian, Transgender and Questioning members. It also includes a help for parents’ section. More information is available on their website: http://lgbtpavee.yolasite.com

In 2018 The Traveller Movement launched a campaign ‘On the Road to being you’ to raise awareness of LGBTQIA+ people within Gypsy, Roma and Traveller (GRT) communities. The initiative aims to challenge homophobic attitudes, as well as providing valuable resources and support for LGBTQIA+ Gypsies and Travellers who often feel they have nowhere to turn. Including a Support sheet for Gypsy, Roma and Traveller LGBT+ people and their families it includes useful advice and a list of organisations that can offer support. You can also watch their YouTube video here to listen to the stories of LGBTQIA+ Travellers. More information is available on their website: https://travellermovement.org.uk/advocacy-support/lgbt
Negative reporting in the media and lack of positive representation of Gypsy and Traveller history, language and culture in schools can lead many young people feeling conflicted about whether or not to be open about their identity. Many young people feel like they have to hide their ethnicity to avoid being singled out or treated differently. This can all have an impact on self-esteem. Self-esteem is how we see and feel about ourselves. Many people will have low self-esteem at some point in their lives. It can be caused by a number of things – how you feel you or your families’ identity is understood by society, comparing yourself to others, or problems at home or at school.

Check out these 7 tips from Young Minds to support your self-esteem today: https://youngminds.org.uk/find-help/looking-after-yourself/believe-in-yourself/

Here are few websites where you can find out more about your vibrant history and heritage. You may even decide that you want to share some of this information with your school:

- For use in schools aimed to help people begin to understand the way of life of Gypsy, Roma and Travellers and the purpose of Gypsy, Roma and Traveller history month - https://www.twinkl.co.uk/resource/t2-t-16580-gypsy-roma-and-traveller-history-month-assembly-pack
Did you know June is Gypsy Roma Traveller History Month? Not all schools are even aware that this exists; why not let yours know? It’s a great chance for schools to teach pupils about the histories and cultures of Gypsies and Travellers. Find out more here: https://www.travellerstimes.org.uk/heritage/gypsy-roma-and-traveller-history-month

If you’re a parent you can insist on your child’s school celebrating Gypsy, Roma and Traveller history month. It can also be useful to tick the Gypsy/Roma or Traveller of Irish heritage ethnicity box on school admissions forms.

If you’re a parent or carer and would like some advice or support on any of the issues above you can contact Friends Families and Travellers national helpline on 01273 234 777 or email fft@gypsy-traveller.org They also host a directory of support services available to Travellers across England available here: https://www.gypsy-traveller.org/services-directory/
It is well documented that many young Gypsies and Travellers experience racial discrimination in school. In fact, a report by the Traveller Movement (2017) found 70% of Gypsies and Travellers had experienced discrimination in every aspect of their education. The research also found, that at all levels of education people were confronted with ill-informed stereotypes.

Racial bullying is a type of racism where the bullying focuses on race, ethnicity or culture. Racism and racial bullying are wrong and can have an impact on the way you feel about yourself. It’s important to tell someone what’s going on. If you feel like a teacher doesn’t want to help, you can speak to the head teacher. Each school should have an anti-bullying policy which is there to protect you.

The Equalities Act (2010) is a law that sets out rules for employers, colleges, schools and services to follow to make sure everyone is treated the same. Romany Gypsies and Irish Travellers are recognised ethnic groups and are protected in education, at work, clubs or when you buy things like food and clothing. Remember that any form of discrimination is wrong, you are entitled to be treated fairly and equally when you use services. This includes when you’re at school.

Citizens Advice Bureau (CAB) can give you advice on dealing with different kinds of discrimination: https://www.citizensadvice.org.uk/

ChildLine offer lots of advice and guidance on how to deal with racism and racist bullying. More information is available on their website: https://childline.org.uk/info-advice/bullying-abuse-safety/crime-law/racism-racial-bullying/

If you’re a parent and would like some advice or support on any of the issues above contact The Traveller Movement Education, Advice & Advocacy Unit on education@travellermovement.org.uk or call 020 7607 2002 More information is available on their website: https://travellermovement.org.uk/
#Online Haters

Social media can be an amazing way to connect and stay in touch with people, but sometimes it can also be draining and stressful. It’s so easy to begin basing your self-worth on the number of likes your last post got or get caught up comparing yourself to others. It’s important to check in with how you feel regularly and take a break from social media when you need too.

You may also come across things that are upsetting or shocking online. This could include someone targeting you or other people you know with the same ethnic or cultural identity. If you think it was motivated by hostility or prejudice based on your ethnicity, then this is a hate incident.

Read this page to find out more about hate incidents and hate crime: https://www.citizensadvice.org.uk/law-and-courts/discrimination/hate-crime/what-are-hate-incidents-and-hate-crime/ If you’ve experienced a hate incident or hate crime you can report it to the police.

If you’ve seen or experienced hate on social media, it’s important to:

• Report what’s happened on the site or app
• Block the people spreading hate
• Take screenshots of nasty messages, but don’t reply to them
• Tell someone you trust, like your parent, carer or a teacher.

If you’re a young person or a parent and would like some advice or support about reporting a hate crime, contact ReportRacismGRT a Gypsy Traveller led project run by GATEHerts. You can email: josie@reportracism.com or call 01920 444 327. More information is available on their website: http://reportracismgrt.com

ChildLine offer lots of advice and tips for staying safe online. More information is available on their website: https://www.childline.org.uk/info-advice/bullying-abuse-safety/types-bullying/bullying-social-media/
**SUPPORT & ADVICE**

One Call Away Gypsy Traveller led mental health support helpline for people in a crisis. Call or WhatsApp them on 07748997617. Visit their Facebook page to find out more: [https://www.facebook.com/One-Call-Away-Gypsytraveller-Depressionsuicide-Confidential-support-1933351813355932/](https://www.facebook.com/One-Call-Away-Gypsytraveller-Depressionsuicide-Confidential-support-1933351813355932/)

In a crisis? Anxious? Worried? Stressed? **TEXT 85258**

Shout is a 24/7 free texting service, for anyone in crisis anytime, anywhere. It’s a place to go if you’re struggling to cope and you need immediate help. For more information: [https://www.giveusashout.org/](https://www.giveusashout.org/)

**CAMHS**

Child and Adolescent Mental Health Services

CAMHS is used as a term for all NHS services that work with children and young people. Children can be referred to CAMHS with a whole range of emotional, behavioural and mental health difficulties that are affecting their own wellbeing, family life, school or the wider world. These include, violence and aggression, depression, eating difficulties and disorders, anxiety and phobias, self-esteem issues, difficulties arising from trauma, obsessions and compulsions, relationship problems, sleep problems, self-harm and suicidal thinking. Getting help from a specialist CAMHS can depend on where you live and waiting times can vary. [https://www.nhs.uk/using-the-nhs/nhsservices/mental-health-services/child-andadolescent-mental-health-services-camhs](https://www.nhs.uk/using-the-nhs/nhsservices/mental-health-services/child-andadolescent-mental-health-services-camhs)

For support and advice on bullying call their confidential helpline on 0808 800 2222 or email them at askus@familylives.org.uk. More information is available on their website: [https://www.bullying.co.uk/general-advice/](https://www.bullying.co.uk/general-advice/)

The Stay Alive app is a suicide prevention app packed full of useful information and tools to help you stay safe in crisis. You can use it if you are having thoughts of suicide or if you are concerned about someone else who may be considering suicide. [https://www.prevent-suicide.org.uk/stay_alive_suicide_prevention_mobile_phone_application.html](https://www.prevent-suicide.org.uk/stay_alive_suicide_prevention_mobile_phone_application.html)
The Headspace app can support your path to health and happiness. It can help you focus, breathe, stay calm, perform at your best, and get a better night’s rest through the skills of relaxation, meditation and mindfulness. You can download this guided meditation, mindfulness, and sleep app for free. https://www.headspace.com/headspace-meditation-app

ACERT is a community-led national charity that works for equalities and human rights of Gypsy, Roma and Traveller families. They have a specific focus on equal access to education, safe and secure accommodation, equal access to health and other community services, good community relations and an end to discrimination on racial and other grounds. For more information visit their website: https://acert.org.uk

There are a number of charities and organisations working nationally to improve the lives of Gypsy and Traveller people. There information and contact details can be found on the Travellers’ Times website on the Get Advice page: http://www.travellerstimes.org.uk
Dealing with Negative Emotions

What emotion am I feeling?

- What can I notice in my body?
- Where do I feel it?
- STOPP! Take a breath. 
  [Link: www.getselfhelp.co.uk/stop.htm]
- What am I reacting to? What's pressing my buttons here?
- What does this situation mean or say about me? Is this fact or opinion?
- Where is my focus of attention?
- How could I see things differently?
- What would I say to someone else in this situation?
- What am I reacting to? What's pressing my buttons here?
- What does this situation mean or say about me? Is this fact or opinion?
- Where is my focus of attention?
- How could I see things differently?
- What would I say to someone else in this situation?
- What is this in keeping with my principles & values?
- Where do you feel this emotion in your body?
- If this feeling had a colour, what would it be? What shape is it? How big is it?
- What will be the consequences of my action?
- What will be the most effective action?
- What will be best for me, for others and for this situation?
- Is this in keeping with my principles & values?

What am I thinking?

- What can I notice in my body?
- Where do I feel it?
- STOPP! Take a breath. 
  [Link: www.getselfhelp.co.uk/stop.htm]
- What am I reacting to? What's pressing my buttons here?
- What does this situation mean or say about me? Is this fact or opinion?
- Where is my focus of attention?
- How could I see things differently?
- What would I say to someone else in this situation? How important is this?
- Is my reaction in proportion to the event?
- Take the helicopter view!
